Hey, you're in love. It's warm out. That's awesome. FOR YOU.

THE WORST. Are they even really in love or are they just outside because they can't stand being cooped up together anymore??

**Regardless, there is no better reminder that you are single.**

I LOVE being crowded against you as you make out on the subway. THE SUBWAY. It's nice to be so close to real love.

**Besides, I'm busy working on me.**

No no no. I'm not lonely. I have me.

Me is really close with Seamless. Me rules at Netflix. Me is throwing myself into redoing my pinterest boards and just has NO time to date right now.
